Education, Awards, & Scholarships

Master of Sciences, Psychology – <i>Université de Montréal</i> (GPA: 4.2 / 4.3) Scholarship: Neuro-AI UNIQUE Excellence Scholarship (10,000 \$)	Sep 2024 – (expected Aug 2026)
Bachelor of Software Engineering – <i>McGill University</i> (GPA: 3.7 / 4) - Scholarship: MES Bourses de persévérance TI (3,000 \$) - Scholarship: Airbus Scholarship in Engineering (1,500 \$)	Sep 2018 – May 2022
Bachelor of Science, Psychology (Honours) – <i>McGill University</i> (GPA: 3.8 / 4) Award: First-class Honours	Sep 2015 – May 2018

Research Experience

Neurosciences of Early Development Lab, Dr. Sarah Lippé – <i>CHU Ste-Justine (CRHSJ)</i> - Master's Thesis: Behavioral Clustering and EEG-based Prediction of Neurodevelopmental Profiles in ASD/ADHD Using Machine Learning. - Conducted EEG recordings with children with autism and other neurodevelopmental conditions. - Administered standardized cognitive tests including the WISC-V and WAIS-IV with pediatric oncology patients and performed Bayley-4 assessments with premature infants to examine the impact of early skin to skin contact on developmental and psychological outcomes. - Led the redesign of the lab's database to improve scalability, integrity, and cross-study usability.	Sep 2024 – Present
Co-venture Lab, Dr. Patricia Conrod – <i>CHU Ste-Justine (CRHSJ)</i> Assisted with data entry for a study on substance use onset and adolescent cognitive development.	Nov 2017 – Jul 2018
Marc O. Martel's Pain Lab – <i>McGill University (MUHC)</i> - Honours Thesis: Association between perceived injustice and prescription opioid misuse through opioid craving. - Conducted structured clinical interviews, data collection, and saliva sampling.	Oct 2016 – May 2019

Work Experience

Product Owner & Project Manager – <i>CareSimple</i> - Coordinated clinical and technical teams for a liver transplant research project (<i>CHUM</i>, Dr. Pomey), implementing remote patient monitoring for transplant patients. - Translated client needs into technical specs for a digital health platform in the Swedish market. - Managed compliance documentation for Canadian and European health regulations. - Prototyped KPI reporting and analytics tools (Python, SQL) to support data-driven decisions.	Oct 2022 – Sep 2025
Software Developer – <i>CareSimple</i> Developed features in a web-based portal for clinicians to perform RPM (React, TypeScript).	May 2020 – Oct 2022
Data Science Intern – <i>CareSimple</i> Developed a preprocessing pipeline to standardize patient health data for artificial intelligence algorithms.	May – Aug 2019

Community Engagement

Content Manager, Student Affairs Committee – <i>UNIQUE</i> - Organized and promoted student-led events to support and empower students at the intersection of Neuroscience and AI across Quebec. - Curated and shared research highlights from students and labs on social media to showcase ongoing work within the community.	Oct 2025 – Present
Software Development & Business Strategy Mentor – <i>Technovation</i> Mentored girls (ages 8–18) in mobile app prototyping and business plan development to address UN Sustainable Development Goals.	Jan 2024 – Present
Event Ambassador – <i>Fondation du MAC</i> Promoted for <i>Printemps du MAC</i>, an initiative supporting the museum through fundraising events.	Jan 2024 – Present
Presenter, Women in Engineering (POWE) – <i>Montreal Neurological Institute (MNI), McGill University</i> Led MNI lab visits introducing high-school girls to neuroscience and biomedical engineering.	Feb 2019

Skills

- Languages:** Fluent in English and French (spoken and written).
- Programming & Data Analysis:** Python, Java, C, MATLAB, React, TypeScript, R, SQL, Power BI, Excel, AI/ML.
- Clinical:** WAIS-IV, WISC-V, Bayley-4, EEG, Saliva Sampling, Centre for Suicide Prevention Certificate.
- Certifications:** PSPO I, HIPAA, GDPR, Cybersecurity training, Leading Change in Health Informatics (John Hopkins University, Coursera).

Publications

Peer-reviewed journal article

Verner M, Sirois A, **Coutu-Nadeau E**, Fournier C, Carriere J, Martel MO. The association between perceived injustice and opioid craving in patients with chronic pain. *J Addict Med*. 2022 Jul 21.

Published abstracts and conference presentations
